# 2016-2017 CONSOLIDATED OPERATING BUDGET

# INTRODUCTION

The 2016-2017 Consolidated Operating Budget for Associated Students, Incorporated (ASI) includes the operating budgets for two discrete funds supported by the Associated Students (AS) fee and the University Student Union (USU) fee, respectively. The budget proposes expenditures of \$16,429,596, an increase of \$603,082. The Associated Students Board of Control approved the Associated Students budget proposal on April 5, 2016. The University Student Union Board of Trustees approved the University Student Union budget proposal on Friday, April 8, 2016. The 2016-2017 Consolidated Operating Budget received final approval from the AS Senate/Board of Directors at its regularly scheduled meeting on May 4, 2016.

# **REVENUE AND SUPPORT**

**REVENUE FROM STUDENT FEES** 

# ASSOCIATED STUDENTS FEES

The 2016-2017 Associated Students budget includes net revenue of \$4,562,444 in AS fees based on enrollment projections provided by the CSULB Office of Budget and University Services. This represents an increase of \$66,289 over the amount adopted for 2015-2016. The growth in revenue is attributable to a minor increase in enrollment. Table 1 below provides an accounting for the revenue generated.

# UNIVERSITY STUDENT UNION

The University Student Union budget includes net revenue of \$13,890,448 in USU fees. From this amount, \$6,344,600 is apportioned to provide for payment of debt service, Chancellor's Office overhead, and contributions to reserve accounts. The remaining balance of \$7,625,848 represents an increase of \$543,241 over the 2015-2016 adopted budget. In addition to enrollment growth, this increase results from an inflation-based increase in the USU fee of \$4 per semester and \$3 for summer session. Table 2 on the

following page provides an accounting for the revenue generated from the USU fee and its subsequent application.

#### SUPPORT FROM OPERATIONS

In addition to income from mandatory student fees, the Associated Students anticipates the generation of \$2,247,824 in income from operations, a slight decrease of 2.46%. This is the result of projected decreases in revenue from grants and contracts, specifically the discontinuation of the Los Angeles Universal Preschool Grant, which is addressed later in this document.

The University Student Union expects to generate approximately \$1,993,480 in income from operations, an increase of 4.1%. This increase is the result of an increase in non-taxable sales and in lease income from CSULB-occupied spaces in the USU facility. On the contrary, income from recovered expenses, taxable sales, and facility rentals has decreased.

Figure 1 on the following page provides a chart illustrating ASI's sources of operating income.

# PERSONAL SERVICES

The total budget for personal services has increased by 3.02% compared to the current year's budget. Full-time payroll has increased by 1.03%. Part-time payroll has increased by 0.27% as a result of the \$0.50 per hour increase in the California minimum wage, effective January 1, 2017. Full-time benefit expenses have increased by 10.49%, primarily due to an across-the-board increase in health insurance premiums for both our Kaiser and Anthem Blue Cross health plans. Part-time benefit expenses have increased by 13.79%, driven by the increase in wages as well as an increase in worker's compensation insurance rates for staff engaged in manual labor and recreational services.

#### POSITIONS

The budget provides for an increase of one full-time staff member in the University Student Union budget, a Fitness Coordinator in the Student Recreation and Wellness Center. The Special Projects Coordinator continues to be included in the budget as a temporary, full-time position to assist with long-standing administrative projects for the corporation. There are no staff additions for the Associated Students.

#### SALARIES

The 2016-2017 operating budget includes no provisions for cost-of-living or merit-based salary increases for full-time positions.

#### STUDENT ASSISTANT WAGES

The budget includes \$2,889,669 for student assistant and part-time payroll. The minimum wage increase noted above has been included in the operating budget for each department. Funding for student assistant merit increases has not been included in the budget.

ASI has formally adopted the CSULB Student Assistant/Work-Study Salary Schedule that became effective January 1, 2016 and will continue to follow that schedule once it is revised for the increase on January 1, 2017.

# MANDATED BENEFITS

Unemployment Insurance rates are expected to remain flat for fiscal year 2016-2017, while Workers' Compensation rates for workers performing manual labor are expected to increase by 4.4% based on modified rates. Rates for employees performing recreational duties are expected to increase by 5.65%. Employer contributions for FICA and Medicare have been budgeted at 7.65% of applicable wages.

#### DISCRETIONARY BENEFITS

Based on information provided by our insurance providers, we anticipate increases of 15% in our Anthem HMO and PPO medical insurance premiums for the third and fourth quarters of fiscal year 2016-2017. Our Kaiser HMO medical insurance premiums are likewise expected to increase by 12%. Vision, dental and life insurance premiums will not increase since ASI is under a multi-year contract. ASI's contribution for employee and dependent coverage has been budgeted at the corresponding contribution rate for CSU employees.

The budget for the University Student Union includes \$105,610 for the payment of medical and dental benefits for nine retirees. The budget for Associated Students also includes \$11,158 for the payment of medical and dental benefits for two retirees.

ASI has withdrawn from the PERS medical insurance program and discontinued its provision of retiree health benefits for employees hired on or after January 1, 2013. The corporation has also established trust accounts into which funds are being deposited for the purpose of funding this liability in future years. The 2016-2017 operating budget includes a \$100,000 contribution to these accounts from the University Student Union.

# PENSION BENEFITS

The proposed budget allows for ASI's continued participation in the Public Employees' Retirement System (PERS). ASI will continue to deduct mandatory employee contributions from each salaried employee's semi-monthly paycheck. As in the past, ASI will pick-up the first \$50 of each employee's contribution amount for those hired before January 1, 2013. This results in an annual benefit expense of \$30,600 that has been included in the budget. ASI will also pay employer contributions to PERS at the rate of 19.814% of Tier 1 wages, 9.97% of Tier 2 wages, and 6.938% of wages for those employees who are subject to the Public Employee Pension Reform Act (PEPRA). The total expense for pension contributions is \$525,632.

 Table 5 Combined Operating Expenses

The overall budget for operating expenses has increased by 6.94% compared to the 2015-2016 fiscal year. While most changes in specific operating expenses are attributed to actual current year activity, some expenses have notably decreased due to other factors. These include the following:

- Maintenance service agreements the \$183,896 reduction is actually the result of correcting the classification of credit card merchant fees and certain service agreements as Contracted Services.
- Telecommunications/postage the \$18,479 decrease is based on actual usage during the 15/16 fiscal year.

Operating expenses that have significantly increased include:

• Contracted services – the \$312,519 increase represents the increased costs for Finals Week activities as well as the corrected classification of certain maintenance agreements. It also reflects costs associated with the first full-year of subscribing to the Ceridian Day Force human resources information system.

- Fees, dues and subscriptions the \$38,996 increase is a result of the reclassification of credit card merchant fees mentioned above, as well as increases in bank fees, portfolio management fees, and Direct TV license fees.
- Grants/scholarships the \$154,225 increase is a result of the addition of the elected Executive Officers' tuition previously remitted by the university, and the reclassification of student officer payments as scholarships rather than compensation. Both issues are addressed later in this document.
- Indirect cost allocation the \$152,619 increase results from changes in the implementation of EO-1000 charges, which is also addressed later in the document.

# INDIRECT COST ALLOCATION

Both Associated Students and the University Student Union incur indirect costs for the provision of services to and from each other. ASI accounts for the payment of these costs through expense line item #798 Indirect Cost Allocation.

The following tables disclose the sources of these costs and the budget area to which the costs have been allocated.

Source of AS Cost	Budget Area	Annual Amount

Table 7 Costs Incurred by AS for Services Provided to USU

In addition, indirect costs incurred by CSULB for services provided to ASI have been calculated as follows and are included in the operating budget for the Business Office and USU Administration under line item 798:

Source of CSULB Cost	A	Annual Amount
CSULB EO 1000 Cost Allocation Plan (based on audited 13/14 revenues of \$2,706,092 x 1.54%)		\$41,628
Additional Services (Information Technology)		64,336
	Total	\$105,964

Table 8 Costs Incurred by CSULB for Services Provided to ASI

The additional services provided by Information Technology include Maintenance and Equipment Services of \$24,151, Exchange (Outlook) Services of \$2,250, and Network Support Services of \$37,935.

These indirect costs used to be offset by a "Trade/Goodwill" credit for the value of office space occupied by CSULB departments in the University Student Union. Beginning in fiscal year 15/16, the university has opted to pay for these leases on a cash basis instead. As a result, the amount budgeted for indirect costs has increased. That increase has been partly offset by the corresponding increase in lease income.

# RESERVES

#### FISCAL VIABILITY REPORT

In accordance with California State University policy governing auxiliary organizations and ASI Policies on University Student Union and Associated Students Reserves, the Fiscal Viability Report below is presented as part of the 2016-2017 ASI Consolidated Operating Budget.

# ASSOCIATED STUDENTS RESERVES

The Associated Students maintains the reserves presented in Table 9 in the accounting records of Associated Students, Incorporated. In the event any of the reserves fall below their targeted reserve levels, the shortfall must be eliminated within a minimum of three years, with at least one third of the deficit balance being funded in the each of the three subsequent years' operating budgets.

ASI-Held Reserves	Projected Ending	Target Balance	Amount
	Balance 06/30/16	07/01/16	(Under)/Over
Retained Earnings	\$99,473	\$0	\$99,473

 Table 9 Schedule of Associated Students Reserves and Target Levels

#### UNIVERSITY STUDENT UNION RESERVES

The University Student Union continues to contribute to the reserve balances required by policy and maintained by the university. The 2016-2017 operating budget provides significant contributions to both Local and University-held Reserves.

The USU maintains the following reserves in the accounting records of ASI.

ASI-Held Reserves	Projected Ending	Target Balance	Amount
	Balance 06/30/2016	07/01/2016	(Under)/Over
Retained Earnings	\$1,513,144	\$0	\$1,513,144
Reserve for Working Capital	497,487	501,659	(4,172)
Reserve for Minor Capital Outlay	276,411	287,949	(11,538)
Reserve for Capital Development for New Projects	2,250,000	2,500,000	(250,000)
Total	\$4,537,042	<b>\$</b> 3,289,608	\$1,247,434

Table 10 Schedule of USU Local Reserves and Target Levels

Working Capital Reserve will need an additional \$4,172 to be fully funded. The Minor Capital Outlay Reserves will be \$276,411 at the end of fiscal year 2015-2016, requiring an additional \$11,538 to be fully funded by fiscal year 2016-2017. The reserves for Capital Development for New Projects will be \$2,250,000 at the end of fiscal year 2015-2016. According to policy, this reserve is fully funded; however, management has proposed adding an additional \$250,000 as a result of the recently completed "University Student Union MEP Utility Infrastructure Study," which noted several deficiencies in the infrastructure of the USU facility.

With respect to University-held Reserve levels (Table 11), the Reserve for Repair and Replacement will have a balance of \$153,653 at the end of fiscal year 2015-2016 and will require an additional \$354,130 to be fully funded per policy. This year an additional \$230,104 will be included for a total of \$737,887. The additional funds are necessary to provide for major repairs in the USU based on the MEP Study findings. Important to note is that given the additional contributions to reserves, the Catastrophic Event reserve level will be \$5,070,362 at the beginning of the fiscal year 2016-17. The target balance for this reserve is \$9,408,349. The General Reserve-Debt Service reserve level will be \$6,390,098 at the end of fiscal year 2015-2016, which makes it fully funded at this time.

University-Held Reserves	Projected Ending Balance 06/30/2016	Target Balance 07/01/2016	Amount (Under)/Over
Reserve for Repair and Replacement	\$153,653	\$737,887	\$(584,234)
Reserve for Catastrophic Event	4,690,077	5,070,362	(380,285)
General Reserve - Debt Service	6,390,098	6,390,098	0
Total	\$11,233,922	\$12,198,347	\$(964,519)

# **OPERATIONAL CHALLENGES AND OPPORTUNTIES FOR 2016-2017**

#### ASSOCIATED STUDENTS FUND

The Associated Students General Fund is maintained to account for all financial resources except those required to be accounted for in another fund. Fee income for this fund is derived from the \$60 per semester (\$45 for summer) Associated Students membership fee. It supports the organization's primary programs of student governance, student activities, and student services, including childcare. It also funds the administrative expenses of the corporation.

# BEACH PRIDE PROGRAMS

#### **Chief Programming Officer**

On April 20, 2016 the Associated Students Senate approved the Student Government Reorganization Proposal. Most of the provisions of this reorganization will not become effective until June 1, 2017. However, the Senate ordered that two of the provisions become effective June 1, 2016. The first of these is the merger of the USU Programming Council and the ASI Programming Board into one body responsible for all ASI student programming efforts. The second is the elimination of the Chief Programming Officer position from the Executive Branch of student government. This position will instead become an hourly-paid student assistant who will serve as a student lead alongside the full-time Activities Coordinator and Program Manager.

# CAPITAL EXPENDITURES

\$188,696 in unspent Capital Expenditure funds will be carried-over to the 16/17 operating budget for facility improvement projects at the Isabel Patterson Child Development Center and the CSULB Recycling Center. An additional \$99,320 has been provided for equipment replacement throughout the corporation. These funds will be held in contingency until specific project/purchase requests are completed after the beginning of the new fiscal year.

Associated Students continues to make significant progress in addressing deferred maintenance issues at its facilities. Projects funded this year and currently underway at the Child Development Center include replacement of the preschool kitchen cabinetry and countertops, replacement of the center office exterior deck, repair and renovation of the preschool teachers' break area, and fire alarm system upgrades.

# **GOVERNMENT OPERATIONS**

#### Payments to Student Officers

The budget for scholarships has been increased to cover the annual tuition expense for the ASI President, Vice President, and Treasurer. This will provide some budget relief for the CSULB Office of the President, which has covered this cost in the past.

As a result of Bylaw Amendment #2016-05, nearly all of the payments made to student government officers for their service to Associated Students will no longer take the form of employee compensation. Effective this year, all payments will be in the form of scholarships, administered by and paid through the Office of Financial Aid. Spearheaded by former President Jose Salazar, this change was made in order to ensure that all students, regardless of their immigration status, can derive a monetary benefit from serving in student government.

Implementation of this change for the positions of president, vice president, and treasurer has been suspended until June 1, 2017, at which time the recently approved student government reorganization proposal will take effect. The reorganization will considerably decrease the workload for those three officers. In the meantime, they will continue to be paid in accordance with ASI's previous Policy on Executive Fellowships.

# ISABEL PATTERSON CHILD DEVELOPMENT CENTER

#### Loss of External Funding

In April 2015, the Isabel Patterson Child Development Center received notification that its contract with the Los Angeles Universal Preschool (LAUP) program would end on June 30, 2016. This represents an annual loss of \$164,000 in external funding. Despite ongoing efforts, ASI has not been able to secure an alternate source of external funding to make up for the loss. As a result, the amount of AS fees allocated to the program has increased substantially in order to maintain services at their current level.

Subsequent to the budget's preparation, the Isabel Patterson Child Development Center Board of Trustees approved an increase in the fees charged to faculty, staff, and community members. Although the exact financial impact of this increase is not known at this time, we believe it will help reduce the need for the additional AS fee support.

#### Student Access to Childcare Services

The loss in LAUP funding, as well as persistent concerns about the Center's waiting list compelled ASI management to review the Center's services and the populations it serves. An analysis of spring 2016 enrollment at the Isabel Patterson Child Development Center revealed the following:

Program	Program Students		Fac	Faculty Staff		aff	Alumni		Community		Total
	Number	Percentage	Number	Percentage	Number	Percentage	Number	Percentage	Number	Percentage	
Infant Toddler	34	85.00%	1	2.50%	2	5.00%	3	7.50%	0	0.00%	40

Table 12 Child Enrollment by Program and Parent Status

Out of the 210 children enrolled, 52% were the children of currently enrolled students. 15% were the children of CSULB faculty and staff, while 33% were children of community members (of which 30% were CSULB alumni). One reason for the substantial presence of alumni in the program is an enrollment practice that permits children to stay in and finish out the program in which they are currently enrolled if their parent graduates before the child "ages out." For example, if a student has 2½ year old child enrolled in the preschool at this time of his graduation, his child is allowed to remain in the preschool program until he reaches kindergarten age.

The professional staff of the Center sincerely believes that this practice is in the best interest of the children. They state that continuity is critical to the emotional growth of children and that change in caregiver or program has a lasting effect on children who have formed bonds outside of the parent-child relationship. According to the staff, research has shown that when a child-caregiver bond is continuously broken, young children experience a sense of loss and depression, and it becomes harder for them to feel secure and form emotional attachments.

The Center's Board of Trustees has started and will continue to address this issue, noting that there is a need to balance the needs of students with what is in the best interests of children. With students constituting just over one-half of the population served by the Center, some student leaders have begun to express concerns about whether or not the level of financial support provided by AS fees is reasonable.

It should be noted that an assessment of student childcare needs has not been conducted in recent history. We intend to initiate this assessment during the fall semester.

# STUDENT SUPPORT SERVICES

#### Food Pantry

The budget includes an allocation to support to creation of a student Food Pantry on the CSULB campus. The Food Pantry will require the hiring of a student pantry coordinator and student pantry attendants, as well as the purchase of supplies, equipment, and shelving. ASI anticipates entering into a Partner Agency Agreement with Food Finders who will donate non-perishable food items. In addition, ASI is in discussions with the Grow Beach University Garden to provide fresh produce.

According to the study "Serving Displaced and Food Insecure Students in the California State University System," by CSULB Professor Dr. Rashida Crutchfield, 21% of CSU students are estimated to be food insecure. The study also acknowledges that students who are food insecure experience higher levels of stress. Although the Interfaith Center currently hosts a "food cupboard" to supply a limited amount of food to students, this model is not sustainable to support the needs of the over 7,000 CSULB students who may be food insecure based Dr. Crutchfield's estimates. The University has made significant strides in developing different programs to support the needs of its students who are food insecure, such as the Student Emergency Intervention Program, Feed the Need campaign, and the Beach Bites mobile application. The expansion of the food pantry will function as a sustainable model for food distribution to students in need. The Soroptimist House will serve as the Food Pantry's temporary location. The Food Pantry will allow more programs to be housed in the location such as the Swap Shop and Cal Fresh counselor, as well as distribute promotional supplies regarding the other programs offered on CSULB.

We anticipate that the Food Pantry will be up and operating by the beginning of the 2016 fall semester.

# UNIVERSITY ATHLETICS

#### Athletic Scholarships

During the final approval of the budget by the AS Senate, discussion ensued regarding the amount of money Athletics receives from ASI for athletic scholarships. At \$300,000 per year, some senators questioned whether or not this was a defensible use of student fees, particularly in light of the needs expressed by the various student resource center currently located in the FO4 building. Of specific concern was the fact that the second floor of the building is not accessible to those with disabilities. After much discussion, the budget was approved with the stipulation that the allocation to Athletics be reduced by \$25,000 and that the \$25,000 be used for the purchase of a wheelchair lift to help address the accessibility issue.

Understanding that the budget is ultimately subject to the approval of the University President, the Senate also stipulated that if the purchase of the wheelchair lift is not feasible, then the \$25,000 will be reallocated to the Multicultural Affairs Center for other improvements to the student resource centers.

# UNIVERSITY STUDENT UNION FUND

The University Student Union Fund is maintained to account for all financial resources accumulated for ASI's operation of the University Student Union facility and its related programs and services. Student fees collected for this fund are derived from the University Student Union fee. Except as otherwise noted in subsequent sections of the Budget Detail, there are no other major changes in the operations of the University Student Union reflected in the budget.

#### **DOCUMENT ORGANIZATION**

The remainder of the budget document presents budget detail for each department and funded activity. Budget details for each fund are presented in separate sections. Each section begins with a Fund spreadsheet detailing budget information by department or functional unit. Following the Fund spreadsheets are the budget narratives and budget spreadsheets for each department or unit within that fund.

To aid in understanding the types of revenue and expenses proposed for each department, Table 13 has been provided on the following pages. This table provides a succinct description for each line item included in the budget spreadsheets.

Requests for additional information or assistance may be directed to ASI Executive Director Richard Haller at extension 5-4996.

#### Department Services

#### **Accounts Payable**

This service audits disbursement requests for proper supporting documentation and arithmetic accuracy prior to the printing and disbursement of checks. We also prepare purchase orders to facilitate the ordering goods and services. We ensure that IRS form W-9 and Calif EDD Form 542 are submitted for all service agreements and performing artists. We withhold taxes for all non-resident alien disbursements.

At year end we compile, print, and distribute IRS From 1099's to all providers of services to whom we paid \$600 or more during the calendar year. We also assist budget area representatives with purchasing and procurement policies and procedures. We identify and enter all new capital expenditures in the fixed asset software, and conduct periodic inventories to ensure asset accountability.

#### **Accounts Receivable**

This service establishes customer accounts and produces invoices for the Isabel Patterson Child Development Center, Conference and Event Center, Union Newspaper, program council, ASI communications, and USU vendor rents and utility billings. This service also distributes past due notices on unpaid invoices, and notifies department managers of older past due invoices for which they need to pursue collection efforts.

#### **General Accounting**

We enter all journal entries and process budget adjustments that are approved by the Board of Control, USU Board of directors, and the Senate. We maintain the chart of accounts and integrate those accounts with the operating budgets. We produce financial statements that measure actual expenditures and revenues against those budgets. We review monthly trial balance reports to ensure they agree with the general ledger balance sheet accounts to ensure that the financial statements are accurate.

At year end, we report all financial activity to the university for the purpose of integrating our financial statements into the University financial statements. We work with external auditors on the publication of our annual audited financial statements. Audit preparation involves reconciling balance sheet accounts. We prepare and post correcting and adjusting journal entries, and supply audit schedules and work papers that support our financial statements.

We reconcile checking and investment accounts and resolve discrepancies. We monitor the organization's cash flow requirements to ensure that enough funds are in our bank accounts to fund our anticipated disbursements. We transfer excess funds to our investment accounts. We prepare quarterly sales tax returns and assist our outside accounting firm in the preparation of our annual IRS 990 information return, and the States 199 information return. We perform audits of petty cash funds and examine the financial records of the Food Vendors having contracts with the USU for revenue sharing. We conduct periodic counts of the vault and imprest funds, and conduct physical inventories of fixed assets.

#### Cashiering

We serve as a bank for all of the student organizations. They deposit their money into agency accounts, and we process their disbursements from those accounts. We also process internal departmental budget area deposits and disbursements. Every disbursement request is audited for proper approval authorization, adequate funding, and supporting disbursement paperwork. We assist the student organizations and departmental budget areas by answering questions regarding account balances and disbursement policies. We also process payments for Child Care, Conference & Event Center, Union News ads, and Student Union Vendor rents.

We maintain cash funds in our vault for the Recycling Center and University Student Union's commercial service activities. On a daily basis the cash from all commercial service areas is reconciled and deposited at our bank.

#### Department Function

As a condition of the recently approved ASI fee increase referendum, ASI has adopted a policy to budget adequately for the acquisition, repair, and replacement of capital assets. To accomplish this, ASI will includes in its annual operating budget a capital expenditures allocation. This allocation will be funded in an amount no less than the estimated depreciation expense for the coming fiscal year. The Capital Expenditure Planning Process will be initiated each year by the Office of the Executive Director in a memo to the division Directors that contains instructions for the capital budgeting process. The memo will request that each Director solicit, review, and prioritize initial capital budget requests for those departments that fall under his/her responsibility.

#### **Fixed Asset Purchases**

The first priority for funding of fixed asset purchases will be given to equipment replacement. To be considered a replacement item, the purchase must be for the same item or an item that performs the same function as the item it replaces. Any item that expands the scope or purpose of the item it replaces will be considered a new piece of capital equipment.

#### **Capital Projects**

The first priority for funding of capital projects will be given to the completion of deferred maintenance identified in facility condition reports. Deferred maintenance is maintenance that was not performed when it should have been or was scheduled to be.

The Capital Expenditures allocation process will be subject to the following steps:

- 1. Initial Development and Review of Capital Proposals: June-July
- 2. Executive Director's Review of Capital Proposals: August
- 3. Board of Control Review: September
- 4. Project Authorized for Spending to Begin: Throughout the remaining fiscal year

Associated Students is committed to the development and preservation of a vibrant student community, and believes firmly that student clubs and organization play a vital role in that effort. Although not formally organized as a "department" of Associated Students, services for student organizations have been aggregated here for budget presentation purposes. Services include grants of financial assistance for student organization programs and activities, as well as budget reserves to fund new requests or augment existing grants.

## **Department Services**

#### **Athletic Facility Fee Waivers**

This service offsets costs incurred by university-recognized student organizations for their use of CSULB athletic facilities. Fee waivers are issued on a first-come, first-served basis. Student organizations must be university-recognized, not on probation, and currently registered with the Office of Student Life and Development in the semester during which the waiver is requested. Fee waivers are issued for athletic or recreational events only and can only be issued for events in which CSULB students, faculty, or staff are the intended participants or audience.

#### **Club Sports**

Many students who come to this university would like to continue in their athletic pursuits. As a major college institution, with one of the best Intercollegiate Athletic Programs on the West Coast, this is not always possible with only the top one percent able to participate at the Division I level. Through the Club Sports Program, the Recreational Sports Department offers these students, as well as students wishing to explore new interests, an opportunity to continue in their athletic endeavors. Each club offers something unique – from the highly competitive club that travels throughout the United States to the recreational club that teaches basic skills and promotes social gatherings.

#### **College Council Grants**

For funding the programs of academically related organizations, the Associated Students delegates authority to the coordinating councils of the seven colleges of the university. These College Councils are authorized to evaluate grant applications submitted by their respective member organizations and determine appropriate funding levels for them within guidelines established by the Associated Students.

#### **Current Year Unallocated Fund**

As part of the annual budget, the Associated Students maintains a Current Year Unallocated Fund for augmenting existing budgets or funding new requests that may arise during the course of the fiscal year. Applications for funding are reviewed by the Board of Control, which forwards its recommendations to the A.S. Senate for final approval.

#### **Student Organization Grants**

The Associated Students makes grants of money available to student organizations to assist in their programming efforts. These grants are used to produce events and activities to meet the educational, social, and recreational needs of the student body. Student organizations that are not affiliated with one of the seven college councils may appeal for funding directly to the A.S Board of Control. The Board reviews programs for quality and cost-effectiveness then makes funding recommendations for Senate approval. The programs for which funds are requested must have the intent of accomplishing any of the following:

- Promoting an awareness and understanding of the ideas, customs, arts, languages, and social contributions of specific cultures;
- Aiding in the retention and graduation of currently enrolled CSULB students;
- Providing students with opportunities for on-campus social interaction; promoting discussion or debate of public issues from a variety of
  perspectives or viewpoints;
- Supplementing or enhancing academic preparation or development;
- Promoting students' physical and emotional well being;
- Promoting or sponsoring public service to the surrounding community;
- Developing professional or career-related skills; or
- Promoting academic performance and excellence.

A substantial portion of income derived from mandatory student fees is returned to the student body in various forms of financial assistance. Although not formally organized as a "department" of Associated Students, these efforts have been combined for budget presentation purposes to provide a clearer picture of ASI's contributions to educational access and student retention. Including the Athletic Scholarship program housed under the Beach Pride Fund, the Associated Students provides over \$800,000 in financial assistance to students in the form of scholarships, book grants, and travel subsidies.

## **Department Services**

#### **Study Center**

In response to popular student demand, this budget provides funding to staff a 24 hour study center. The study center includes a designated 24-hour "study room" in the West Wing of the USU and for the designation of the entire West Wing as an after hours study center for the hours of 11:00 PM to 7:00 AM.

#### Student Emergency Fund (NEW)

The Student Emergency Fund has been established to assist students who are experiencing temporary financial distress whether it be in the form of loss of housing, medical emergencies, food insecurity, car accidents, theft, etc.

#### ASI Scholarships

In order to help offset the financial impact of increasing tuition and fees, the Associated Students is re-establishing a Scholarship Fund to provide scholarships for currently enrolled CSULB students. The scholarships are funded from capital gains on ASI's investment portfolio.

#### **EOP Book Grants**

Each year, approximately 100-150 low-income, first-generation students experience financial aid disqualification at the end of the previous academic year or encounter complications in the renewal of their financial aid. To ensure these students are able to keep pace with their coursework, a grant is made available so books and other necessary class materials may be purchased. The students are identified by a report provided by the Financial Aid Office. These are students who were on financial aid disqualification but have since made up their unit deficiencies and their reinstatement is pending.

#### **Food Pantry**

The 49er Food Pantry will expand the current Interfaith Center cupboard and provide students with a sustainable program to support their basic necessities. The 49er Food Pantry will allow more programs to be housed in the location such as the Swap Shop and Cal Fresh counselor, as well as promotion supplies regarding the other programs offered on CSULB.

#### **Student Research Grants**

This allocation provides funds to eligible and qualifying students who need financial assistance in order to conduct academically-related research projects, including field research expenses.

#### **Student Travel Fund**

Through this program, the ASI underwrites the transportation expenses of students who have been invited to present original, scholarly works or performances at academic and professional conferences, institutes, and exhibitions. Whether performing an original musical composition or presenting research findings in microbiology, the Student Travel Fund enables CSULB students to establish academic reputations both for themselves and for the university, while advancing the reputation of CSULB as a first-rate institution of higher learning and academic excellence, both domestically and internationally.

#### **Study Abroad Grants**

Pending development and approval of the final program, this restricted lump sum allocation will provide funds to eligible and qualifying students who need financial assistance in order to participate in Study Abroad programs.
