BACKGROUND AND PURPOSE

Agency accounts consist of those funds held in trust by the Associated Students, Incorporated (ASI) on behalf of approved campus clubs, organizations, and activities. These monies are not under the budgetary nor programmatic control of the Associated Students, Incorporated. For the most part, agency accounts represent funds held on behalf of approved student organizations. The purpose of ASI’s policy on agency accounting is to avoid exposing the organization to financial risks concerning accountability over agency account funds and other agency property.

POLICY STATEMENT

It is the policy of the ASI to utilize agency accounts to account for funds held in trust on behalf of approved campus clubs, organizations, and activities. All such funds shall be reflected on ASI’s Statement of Financial Position as a liability account called “Fund Held for Others.” ASI shall exercise no budgetary or programmatic control over the use

of funds held in agency accounts and therefore shall assume no liability for activities funded through the use of these funds.

DEFINITIONS

For purposes of this policy, the terms used are defined as follows:

Term	Definition

Purchases and activities financed through agency accounts are not under the budgetary nor programmatic control of the ASI; nonetheless, the ASI does have a fiduciary obligation.
Associated Student Fees	The mandatory student body membership fees collected by the university on behalf of the Associated Students
Fund held for others	A balance sheet entry reflecting the total amount of funds held in trust by ASI for campus clubs and organizations.
Hold harmless	To absolve ASI from any responsibility for damage or other liability arising from the use of funds held in an agency account
Inactive account	An agency account for which there have been no transactions for one fiscal year
Indemnify	To reimburse ASI for losses suffered because of an organization's acts or default in connection with the use of funds held in an agency account.

All agency accounts must have on file with the ASI Business Office and renew annually a completed "Application and Agreement for Agency Accounting Services". This agreement shall set forth the services provided and compensation due for the maintenance of Agency Accounts, as well as establish the limitations of the Associated Students, Incorporated liability for activities sponsored through the use of these funds. The establishment of agency accounts on behalf of university administrative and academic units shall be subject to the approval of the Division of Student Affairs. .

Accounting services shall be provided in a manner consistent with the ASI policies and procedures, the CSU Trustees Manual of Policy and Procedure for Auxiliary Organizations, California Code of Regulations Title V, the Education Code and all applicable State, Trustees, University, and generally accepted accounting principles.

All ASI agency accounts must have a minimum of one organization representative and one advisor authorized to sign on each account. There shall be a maximum of two organization representatives authorized on each account.

All student signatories on student organization accounts must be concurrently enrolled in classes at CSULB and a registered officer listed on the group's Organization Registration Card issued through the Office of Student Life and Development. The organization's Student Life and Development advisor shall serve as the approving signatory on the account.

2.2 REVENUES GENERATED THROUGH USE OF ASSOCIATED STUDENT FEES

All revenues generated by activities supported either in full or in part by the use of ASI fees must be deposited to and administered by the ASI Business Office. Otherwise, all deposits shall be made to an organization's agency account.

2.3 REVENUES GENERATED INDEPENDENTLY OF ASI SUPPORT

In accordance with CSU system-wide policy, all revenues generated independently of ASI support by student organizations must be deposited and administered on campus in either an ASI agency account or a CSULB Foundation account.

3.3 PROHIBITED USE OF AGENCY FUNDS

Agency funds may not be used to open or maintain off-campus or other unauthorized bank accounts. Accordingly, checks drawn on an agency account will never be made payable to the organization or any of its officers. Competitive bidding requirements shall not apply to agency accounts unless otherwise required by the organization establishing the account.

The ASI Business Office shall not process any requests for expenditure on an agency account at the point of depletion or overdraft of funds. Any expenditure which causes an agency account to become overdrawn will constitute a financial obligation due to the ASI. ASI shall initiate standard collection procedures against the authorized signatories on the agency account until the overdraft is corrected.

5.0 SURVEY OF INACTIVE ACCOUNTS

If for one fiscal year there are no transactions on an agency account, the balance in the agency account will be transferred to a suspense account. Notification of impending transfers will be issued to the last known authorized signatories of the agency account one month prior to the transfer.
